

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

PUBLICATIONS RECEIVED.

(The regular exchanges of the *American Naturalist* are not included.)

- ACLOQUE, A. Faune de France. Les Oiseaux. Paris. 336 pp., 621 figs.
- BARKER, LEWELLYS F. The Nervous System and its Constituent Neurones. Designed for the use of practitioners of medicine and of students of medicine and psychology. With two colored plates and 676 illustrations in the text. New York, D. Appleton & Co., 1899. 32, 1122 pp.
- BIOLOGICAL LECTURES from the Marine Biological Laboratory, Woods Holl, Mass., 1898. Boston, Ginn & Company, 1899. 343 pp., figs.
- COULTER, JOHN M. Plant Relations. A first book of botany. New York, D. Appleton & Co., 1899. 7, 264 pp., 206 figs.
- EVANS, ERNEST. Botany for Beginners. London, Macmillan & Co., 1899. 8, 290 pp., 271 figs.
- HERDMAN, W. A. Descriptive Catalogue of the Tunicata in the Australian Museum, Sydney, N.S.W. Liverpool, 1899. 18, 139 pp., 45 plates.
